

# HARBOR<sup>®</sup>-K

FULLY COMPLEXED POTASSIUM

SOIL  
&  
FOLIAR

# HARBOR<sup>®</sup>-K

## FEATURES:

NUTRIENT PROTECTING COMPOUNDS BECOME ENERGY SOURCES IN THE PLANT CELL  
ENHANCED COMPATIBILITY WITH DIFFICULT PRODUCTS INCLUDING CALCIUM  
COMES IN A VARIETY OF PACKAGE SIZES (9.46L, 113L, 1040L)

## BENEFITS:

ALLOWS FOR POTASSIUM NUTRITION MANAGEMENT THROUGH SOIL AND FOLIAR APPLICATIONS  
ALLOWS FOR FEEDING POTASSIUM WHEN THE PLANT NEEDS IT  
MIXES WITH MOST COMMONLY USED FERTILIZERS AND PESTICIDES  
EXTREMELY SAFE FOR FOLIAR APPLICATIONS  
UNSURPASSED SOIL & FOLIAR EFFICIENCY  
INCREASED PLANT VIGOR AND STRENGTH  
PROTECTED FROM TIE UP IN THE SOIL  
EXTREMELY LOW SALT INDEX  
LOW USE RATES

# HARBOR-K<sup>®</sup> FULLY COMPLEXED POTASSIUM

Potassium improves the movement of water, nutrients, and carbohydrates in plant tissue. HARBOR<sup>®</sup>-K is a fully protected form of potassium, prohibiting potassium absorption to the soil aggregate, making it readily available to the plant. SOLUMETRIX soil tests have shown that up to 90% of fields would benefit from mid to late season application of HARBOR-K which can replace up to 15 units of pre-plant K<sub>2</sub>O applied to the soil.

## NUTRIENT ANALYSIS

Total Nitrogen (N).....	0.5%
0.5% Nitrate Nitrogen	
Soluble Potash (K <sub>2</sub> O) .....	12.00%

Derived From: Potassium Hydroxide and Potassium Nitrate

Net Weight 9.93 lb/gal (1.19 kg/L)

## PROFESSIONAL USE GUIDELINES

### RATE OF APPLICATION

Foliar Application: 0.5-2 liters/acre. For best results follow SOLUMETRIX recommendation.

Soil Application: 1-8 liters/acre. For best results follow SOLUMETRIX recommendation.

### APPLICATION TIMING

Applications of HARBOR<sup>®</sup>-K have shown to increase yield/quality when applied at anytime throughout the growing season, although best results are observed when applied mid to late season during reproductive growth and crop bulking. Best foliar results and plant safety will be obtained when applications are applied early morning or late evening, when the stomata are open.

### COMPATIBILITY

HARBOR<sup>®</sup>-K is compatible with most commodity agricultural soil products. Adding additional water to tank mixes will always improve compatibility. Always establish compatibility using the standard quart jar method prior to tank mixing.

### STORAGE

Do not store below 32°F or 0°C. Salt out may occur if storage recommendations aren't strictly followed.
